

CNG included its compliance as part of another document which included its request for rehearing of the September 18, 1999 order, in Docket No. RP99-477-001.

CNG states that the Commission Order directed CNG to respond to several questions about CNG's capacity reservation and posting practices. CNG states the Commission outlined three specific issues with respect to CNG's practices: (1) reservation of capacity; (2) minimum term posting; and (3) an August 2, 1999 posting. CNG states that its filings addresses these issues.

CNG requests confidential treatment for shipper agreements submitted as Attachments A and B of said filing. As explained in the filing, CNG asserts that public disclosure of this information would put one of CNG's customers at a competitive disadvantage.

Any party desiring to comment in this filing should file comments with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, on or before November 8, 1999.
